

SeeHorse Enterprises

"What a brilliant team to work with. My Work Australia has been absolutely wonderful right from the start. They never tried to talk me into anything even before I had decided to let them build my site. I explained to Matt & Martin what product I had, how I wanted to market it and why I wanted my site to look the way it is now. All of this was done over the phone. This being my very first website, and, being 2 hours away from them, I was initially nervous about the entire thing.

What I've learnt is that when it comes to creating a great website from your imagination, the patient MyWork team is really there for you in every way, wanting to turn your ideas and thoughts into reality. From colours, to font, to style, to atmosphere...they've done it all for me!

*I have much to learn, but Matt, Martin and Dan have been working through many of these learning curves with me and it is one of the best, most exciting things I have done towards getting my product, *The Horsekeepers Handbook*, known within the equine industry. Eventually, Martin was assigned to create my website! Well, he has built me the site I have dreamed of. I love it!! Changes to anything were never a hassle...in fact, he was keen to get things, 'just perfect' for me, no matter how many times I may have changed something.*

Regarding 'web site design' MyWork have built up my confidence to a much higher level than I ever expected. I'm so grateful that they were recommended to me and that I took the time to pick up the phone and talk to Matt about possibly building the site for me. It has turned out to be the best thing I ever did at the right time.

Results for me have been very positive and the feedback about my SeeHorse site has been fantastic. Everyone loves how it looks and works! Those, I feel, are the main things! I'm so proud to own a site that has many horse industry people clicking on. People are sharing my link all around Australia and overseas. Unbelievable and great for my business!!

*A huge thank you to the whole MyWork team and especially Martin, for an awesome looking website that looks & works exactly how I wanted it to. I know they are there for me for advice and assistance should I need it. I'm so impressed with the SeeHorse site, their work ethics, the professionalism of the team and the results I'm now having and have no hesitation in telling others to consider this as **one very enthusiastic recommendation.***
